

THE QUEST

CHAPTER 1

THE MIDDLE-AGED WIZARD

Once upon a time, there lived a beautiful princess who only wore blue dresses. The princess was to be married to Sir Jakalot of the High Realm, and the princess's best friend was a princess called Lilia the Beautiful.

One day the princesses met a middle-aged wizard called Michael the Forgetful who gave them magical powers, but they forgot what they were, so they went on a quest to find out their powers.

Two days later they found Michael's staff, and it had a note on it that said "I forgot to say I will leave some gifts and some help."

The staff also made the princesses reveal all their secrets when they held it. One princess blurted out her real name which was Ava the Majestic and Beautiful, when Lilia held the staff, she said that she really loved Sir Jakalot of the High Realm.

Ok pause it there, now you are about to witness a tenfold frenemy fight so brace yourselves. Oh and might I add that they were a bit like dwarves they hold a grudge for a long, long, long, long, time so read on to hear about the knights in shining armor, back to the story.

CHAPTER 2

HELP IS ON THE WAY!

Isaac Slayer of Beasts trekked on through the jungle, the fearsome Titanoboa chasing him. He jumped up a tree and then jumped down again and with one slice of his mighty sword he chopped the Titanoboa's head clean off.

The villagers gathered around and said "Hooray for Isaac Slayer of Beasts, your reward is 40,000 pounds and its head covered in gold".

After Isaac Slayer of Beasts had left the forest of discontent, he came across the middle-aged wizard called Michael the Forgetful who said "if you want to be a hero above hero's go to hawthorn castle there you will find two princesses called Ava and Lilia, they need your help to find out what their magical proprieties are. I also hope you are very persuasive, and a good team player cause you're going to need it" and gave him a magical sword and just like that he was gone.

CHAPTER 3

THE OUTLANDER

Far south in the outlands there lived a fearsome warrior shapeshifter who went by the name The Outlander, but his real name was Jude. One day he met a middle-aged wizard called Michael the Forgetful who said if you would like to be a hero above heroes go to Hawthorne Castle, there you will find Isaac Slayer of Beasts and Lilia and Ava princesses of Hawthorne. He also gave him a magic sword and then he was gone.

400,000 years ago, The Outlander was banished from the ancient land of Hawthorn by King Haminoeid. The only reason he has not aged yet is because he is the son of Zeus, but he only inherited Zeus's legendary lightning bolt not his uncle Hades pitchfork nor his other uncle's ability to breath underwater, but his long lost brother has them all.

Now you are probably wondering who his brother is if you are I would re-read Chapter 2 for a clue on this mystery person.

Suddenly they saw a knight in shining armor called Noah the Mighty Defeater of the Crackin. He has defeated 1000 bad animals on this very day.

The inside of his helmet was made from some of the finest Crackin skin. His scabbard made from Griffin feathers and there was also Medusa's mark on his shield from another monster he had defeated.

CHAPTER 5

THE MEETING

The children gossiped about all these warriors that were apparently going on some sort of secret mission. The children said "wow look it's the son of Zeus and there's Isaac Slayer of Beasts and Sir Jacalot of the High Realm and his dragon so cool. There was also Noah the Mighty who I heard that he got knighted yesterday, Sir Jacalot's dragon, cool, and look here comes the princess Ava I love you! And finally, Michael the Forgetful whoop."

They all sat down at the round table and the princesses started the discussion. "I need your help, do you dream of slaying dragons" said Ava, "already done that sweetheart" said Isaac "I have too" said Noah. "Well the three headed one won't be a problem" replied Ava "I'm with you" said prince Jacalot and so say I" said Noah the Mighty, "I'll do it too" shouted Isaac and Jude me three" said Michael the Forgetful. The princess was happy for her achievement, however the real enemy was just striking again. The Dark Warlock made a portal back in time 70 million years and a Tyrannosaurs Rex walked onto the land of hawthorn.

THE QUEST

Chapter 6

Walking fossil

The brave heroes set out on the ultimate quest. They thought so much of this quest, that when they got to the cave of the three headed dragon Ava whispered “keep your eyes and ears ahead of you “ . Suddenly a T-rex stood on top of the cave “dive” said Noah, the T-rex jumped down Ava put out her hands and the T-rex started drifting into the air so Lilia made a swirling shape and the T-rex went back in time 70 million years. “Yes” cheered everyone.

“What the heck was that” said Noah” wait a second” said Michael the Forgetful “I think I think I cracked my staff, oh come on,” said everyone.
